

# Sayan™ Chaga Transforming School Lunch Bags and After School Snacks

Los Angeles, Calif. – August 11, 2009 – As mothers prepare for their kids' first day back to school, they'll be faced with a couple of difficult dilemmas. What drink can they include that's not only healthy but also one their children will actually enjoy? And what drink companion can they serve for hungry after school snackers? Sayan Health has a solution to their predicament.

Thanks to its refreshing, all-natural antioxidant formulation, the caffeine-, gluten- and artificial-sweetener-free Sayan™ Chaga meets moms' demands while providing the great taste kids crave and may even be the key to starting kidsoff on an overall healthier lifestyle.
